

## After Importing Turnitin Assignments – Reset them for New Term

If you use Turnitin assignments in your course, you need to RESET them or you'll find students from the previous semester in your course. Do this before the course begins.

Steps to reset your Turnitin assignments: (see options you need to select below)

Start on Course page -> Administration block -> Reset -> Turnitin assignments -> Copy Assignments

### Reset course

This page allows you to empty a course of user data, while retaining the activities and other settings. Please be warned that b  
this course forever!
